Attorney T. N. Smith and Mr. Graham, of Fulton, were in the county seat Monday.

If you want a tip top rig at any hour of the day or night, phone 110. Davis & Leggate.

Mr. and Mrs. Rybert Fife, of Jackson, Tenn., are in town on business and pleasure combined.

It is rumored that there will be a marriage of one of our young popular society couples the middle of this month.

Visit Hickman on the Fourth.

Rosedale makes stamp pictures, 25 for 25 cents. First class work.

Thomas Dillon, Sr., has been renovating his residence on Troy Ave.

Harry Sells, of Cairo, is visiting his cousin, Willie Barnes, this week.

Miss Rosa Watson has returned from Bowling Green, where she has been attending school.

Contractor Walters, wife and son, of Martin, Tenn., were in Hickman Sunday on a visit to friends.

Miss Shellie Stowe, postmistress at Mabel, was in the city Tuesday enroute to Dawson Springs for her health.

Passengers and baggage hauled to and from all trains and boats, on short notice, by Davis & Leggate. Phone 110. Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

Mrs. S. Hubbard will attend the Worlds Fair in St. Louis, in a few weeks, after which she will spend the summer at Eureka Springs.

Davis & Leggate have a beautiful hearse that may be had on short notice. Will go anywhere at any time. Phone 110. Steve Stahr's old stand.

A bundle of letters were found on the Troy road. From the address they are the property of R. H. Kirk, who can secure them by calling at this office.

Postmaster T. F. Beadles and Attorney Ed Thomas, of Fulton, were in town Saturday in attendance at the meeting of the Fulton County republican committee.

Mrs. Clara Johns and children, of Corinth, Miss., are visiting her mother, Mrs. Outten, during her husband's absence in attendance on a series of medical lectures at Chicago.

A horse attached to Jas. Ledwidge's dairy wagon, became frightened at an advertising wagon of a nomadic photo solicitor, and ran away, breaking the shafts and tearing up the harness.

Mrs. Dr. Jas. Baker, of Jonesborough, Ark., who has been visiting her parents, the family of J. A. Stubbs, was taken quite ill Monday last. Her husband was summoned, and arrived Tuesday.

Local Union No. 1, A. S. of E. held an enthusiastic meeting at the court house Saturday last. Farmers, and friends of farmers are cordially invited to attend these meetings; they will be held every two weeks. Lookout for the next date.

A. O. Caruthers, Hickman's popular

caterer, is this week having put in a new arch over his baking oven, the old one having become worn out. He will have it in running order by tonight if nothing happens.

Edgar Naylor and Miss Ruby Fleming J. W. Morris, Jim Seat, S. D. Luten C. L. Perry, Simon Smotherman, Tyler Beale, Tass Glazer, Jim Roberts and several others attended the old folks song service at Mount Carmel church last Sunday.

Under the management of W. K. Wall the Monitor comes to us this week in an improved style. He has dispensed with the patent inside, made it a five column eight page paper and filled it with excellent reading matter all of a local nature, and made other improvements that speak well for the future Monitor.

C. G. Alexander, chairman of the Fulton county democratic committee, was in town Friday on business. No significance attached to his visit to the county seat, as he came on business of a private nature. He stated, however, that he would not be a candidate for re-election to the county chairmanship—one term being quite sufficient for him.

Miss Della Allen, who has been a teacher in Potter College, Bowling Green, for seven years, is in the city on a short visit to friends, prior to her departure for Hampton, Va., where she has accepted a position. Miss Allen was up to a short time ago a resident of Hickman where she was raised, and is well known to our people. She is making her headquarters with her sister, Mrs. Dr. A. A. Faris.

The Courier stated last week that Mrs. Rose G. Adams, missionary to Cuba, lately returned, intended to bring a number of Cuban children with her for the purpose of finding them homes, but was prevented by our immigration laws. This was erroneous. They were not to seek homes, but were to attend school here and later return to their native land as teachers in the Mariel orphanage.

Mr. J. T. Wilson, of Union City, cousin to E. F. Wilson, was in town Saturday. Mr. Wilson first came to Hickman in 1853, and remained here until just before the war, when he moved to Union City, where he has since resided. He owns a fine farm in the bottoms, and it was business connected with this that brought him here. He remarked with considerable emphasis up

on the progress Hickman was making, saying that the signs of prosperity were everywhere written.

Visit Hickman on the Fourth. 'Tisn't safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen.

Prof. Cheek, of Fulton, was in town Saturday on business. He came in on the same train as the members of the republican county committee, and he was somewhat exercised for fear of being considered a backslider. The professor's democracy is too well known, however, to permit of a suspicion that he was even thinking of deserting the ranks of the party of which he has been a lifelong member.

Mothers love their dread of "that terrible second summer" when they have Dr. Foster's Extract of Wild Strawberry in the house. Nature's specific for bowel complaints of every sort.

Sam Salmon, living in East Hickman, brought to the Courier last week a large petrified honeycomb which he found on Bayou De Chein. He was of the opinion that it had formerly been a yellow jacket's nest, but the conclusions of opinion of those to whom it was shown was that it is a petrified honeycomb. The cells are almost as distinct as in the combs of last season, and they appear to contain a quantity of petrified honey. It is quite a curiosity, at any rate, and has been placed among our collection of curios, where it has already attracted considerable attention from passers by.

J. C. Belote, cement walk contractor, of Mayfield, arrived in the city Monday and is getting things in readiness preparatory to building concrete walks about the court house. The outside, or street, walk will be on three sides of the square, and six feet wide, while the walks within the inclosure leading from the gates to the three entrances and those running around the building from door to door will be four feet wide. He expects to begin laying them next Monday and to finish in six weeks. The building of these walks was authorized by the Fiscal court at its last meeting and County Judge Kearby and Prosecutor Reimley were named as a committee to represent the court to look after their construction.

The advertising matter for the Fourth of July celebration in Hickman arrived Saturday morning and is this week being posted throughout all the region round about. The work is excellent, being printed on white paper in red and blue, and having a red, white and blue border with a flag shield in each corner. The subject matter tells all about the various sports and games, the river and aquatic sports, the fox chase and baseball game, and in fact everything that would have a tendency to interest and bring to Hickman on that eventful day any and all persons who chance to see it. The posters were gotten up under the direction of the advertising committee of the general committee and will not only advertise the celebration, but will tell a story in themselves of the progressiveness of the

town having the foresight to put out, and recognizing the value of, good advertising matter. The work reflects great credit on the committee, and if it does not bring the largest crowd on that day that this town has ever seen for any occasion we miss our guess.

SUED BY HIS DOCTOR.

"A doctor here has sued me for \$12 50, which I claimed was excessive for a case of cholera morbus," says R. White, of Chella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by T. T. Swaine.
